Title	Endodontic Emergencies – Effectively and Efficiently
Presenter	Dr Daniel Farmer BDS MDS(Endo) FRACDS FADI FICD
Precis	Whether it is dealing with the acutely inflamed pulp, the acute periapical infection or the inter appointment flare up, these cases are stressful to deal with. They are often squeezed onto the beginning or end of the day or extend into your lunchtime. Dan plans to cover a number of case scenarios focussing on treatment strategies to help manage the patient and their pain as effectively and efficiently as possible.
By the end of this masterclass participants will:	<ul style="list-style-type: none">• Have a clear understanding of the cause of the dental pain.• Have an understanding of the cause of the inter appointment flare up.• Have an understanding of the techniques available to offer better anaesthesia for the acute inflamed and the acutely infected pulp.• Have strategies in place to know <u>what</u> needs to be done, and <u>how much</u> needs to be done to resolve the origin of the dental pain.
